#### COLLEGE ESSAY BOOT CAMP

In this one-day four-hour workshop, our college counselors guide rising high school seniors as they begin the college essay process. Students will review successful essays, learn what colleges look for in essays, and get one-on-one support to discuss essay topic choices.

#### WRITING GROUP ON THE COLLEGE ESSAY

Over the course of four one-hour sessions, rising high school seniors will join a college counselor to collaborate on the college essay. Sessions will be facilitated like a college writing seminar which will prepare students for typical classroom experiences in college. At the end of the four week program, students will leave with a revised draft of their essay.

**Prerequisite:** Attend a College Essay Boot Camp prior to joining the Writing Group.

#### WEBINAR SERIES FOR FAMILIES & STUDENTS

To complement our college boot camp workshops we have created companion webinars on a variety of topics including the college essay, admissions application and financial aid process. These webinars are designed to empower students and those supporting them to tackle the college application process with ease.
